GAMMA PHITS GPH-Y2K

Assembly

1. Remove the top cover.
2. Remove the front panel unscrewing both screws on the bottom side.
3. Remove the driver unscrewing the four screws and the connectors.
4. Replace the red cable connector (+) with the supplied.
5. First place the adapter ring (see photo) and then the new driver. Fix it with the screws and connect the cables.
6. Replace the front panel and the top cover.
